Acrylic Basics:

Using Acrylic Paints & Mediums

With Jay Helfrich

Saturday, March 23 – 10am- 1pm
 \$25 per person
Class Limited to 8 participants*

This hands-on workshop is about the mechanics of painting with acrylics. It covers the basics of acrylic paints, mediums, gels and varnishes: How to use them, what they can do for you and how to get the most out of acrylics with a minimum of aggravation and wasted material.

Acrylics are permanent, easy to use, versatile and don't require solvents other than water. Their quick drying characteristics are very useful.

It is very easy to spend a lot of money on paints and brushes you don't need. This workshop is set up to save you from some of that.

The workshop also includes brushes and brush care, painting surfaces and using acrylics on paper for watercolor affects.

****All materials and tools are supplied but painting clothes are recommended****
